

MOTIP Freezer Electronic

Ord.-no.: 090409

Technical Information

Easily trace cracks in printed circuit boards with MOTIP Freezer Electronic. Suitable for all kinds of devices from computers and printers to control panels. MOTIP Freezer Electronic is composed of an ecological and 100% non-flammable gas, with a low Global Warming Potential. It's compatible with any kind of material. Freezer electronic can be used in various positions. MOTIP Freezer Electronic briefly decreases the temperature to - 50°C and has a directed jet-spray.

Quality & properties

- Briefly decreases the temperature to -50°C
- Non-flammable
- 360° valve
- Directed jetspray
- Very effective

Physical & chemical data

- Base: Solstice 1234ze
- Colourname: no colour
- Surfaces: Computers, Printers, Audio and video equipment, Machinery, Control panels
- Minimum Working Temperature: 10 °C
- Maximum Working Temperature: 25 °C
- Vapour pressure: 4271/20 bar

How to use

- Before use, carefully read the directions on the packaging and act accordingly.
- The aerosol should have room temperature.
- Best processing temperature 10 to 25°C.
- Before use, shake the aerosol.
- Keep the printed circuit boards under tension and spray for several seconds.
- As a result of the fierce decrease in temperature, the crack will become visible.

Environmentally sound

European Aerosols is committed to apply formulations without restricted or critical ingredients and to achieve best possible performance. The caps and packagings are made of recyclable material.

Disposal

Only the completely emptied cans should be put into the recycling skip or appropriate container for reclaimable refuse. Cans which are not empty should be disposed off as "special refuse".

Marking/Labeling

All products made by European Aerosols comply with the actual labelling regulations according to Preparation Guideline 1999/45/EG. All aerosols correspond to TRGS 200 and TRG 300 as well as to aerosol guideline 75/324/EWG in the actually valid version.

For any further technical questions call our hotline +31 (0) 561 69 44 00 from Monday to Thursday from 9 h a.m. to 3 h p.m. or on Friday until 12 h p.m.

As of June 10, 2022 – This release replaces all eventually earlier issued versions.
