

MOTIP Petrol Injection Cleaner

Ord.-no.: 090631

Technical Information

Clean the injector nozzles and intake of your car's petrol engine without dismantling with MOTIP Petrol Injection Cleaner. Remove contamination in the entire petrol-injection system due to operation.

Quality & properties

- Easy application without extra effort. Improves engine performance and provides a powerful and stable combustion process
- Reduces fuel consumption and optimizes exhaust gas emission values
- Considerably prolongs engine life span and ensures smooth engine running

Physical & chemical data

- Colourname: no colour
- Vapour pressure: <8/20 bar
- Flash point: 42 °C
- Content: 300 ML

How to use

- Before use, carefully read the directions on the packaging and act accordingly.
- Recommended for all petrol engines. Especially in case of cold start problems or bad exhaust values.
- Add one can (300 ml) to the fuel tank before filling up. Sufficient for 60 liters of petrol. For larger tank volumes add 0,5% of the filling content. Product works during operation.
- Attention: Cleaning fluid – not a fuel substitute!

Environmentally sound

European Aerosols is committed to apply formulations without restricted or critical ingredients and to achieve best possible performance. The caps and packagings are made of recyclable material.

Disposal

Only the completely emptied cans should be put into the recycling skip or appropriate container for reclaimable refuse. Cans which are not empty should be disposed off as "special refuse".

Marking/Labeling

All products made by European Aerosols comply with the actual labelling regulations according to Preparation Guideline 1999/45/EG. All aerosols correspond to TRGS 200 and TRG 300 as well as to aerosol guideline 75/324/EWG in the actually valid version.
