

## MOTIP Radiator Cleaner

Ord.-no.: 090621

### Technical Information

Clean the cooling system with MOTIP Radiator Cleaner. The Radiator Cleaner dissolves deposits and removes dirt in the cooling system of your car. Radiator Cleaner for use in all water-cooled, closed cooling systems (commercial vehicles, passenger cars, industrial heat exchangers). Contains quick-reacting components for removal of contaminations from the entire cooling circuit caused by operation. Radiator Cleaner cleans the entire cooling system, dissolves and removes scale and improves performance of valves, thermostats and water pumps.

#### Quality & properties

- Improves heating and cooling performance
- For use in all water-cooled, closed cooling systems
- Increases the operational reliability of the cooling system and extends the life span of the system

#### Physical & chemical data

- Colourname: no colour
- pH-Value: 7-8
- Flash point: >93 °C
- Content: 300 ML

#### How to use

- Before use, carefully read the directions on the packaging and act accordingly.
- Add to the cooling system before changing the coolant. 300 ml is sufficient for cooling systems of 10 liters capacity.
- Adjust all heater controls to 'hot'.
- Let the engine idle for approx. 30 minutes.
- Drain the system completely and flush with clean water.
- Refill the cooling system following the manufacturer's instructions.
- Attention: Open radiator filling port slowly and gradually - risk of burning!

#### Environmentally sound

European Aerosols is committed to apply formulations without restricted or critical ingredients and to achieve best possible performance. The caps and packagings are made of recyclable material.

#### Disposal

Only the completely emptied cans should be put into the recycling skip or appropriate container for reclaimable refuse. Cans which are not empty should be disposed off as "special refuse".

#### Marking/Labelling

All products made by European Aerosols comply with the actual labelling regulations according to Preparation Guideline 1999/45/EG. All aerosols correspond to TRGS 200 and TRG 300 as well as to aerosol guideline 75/324/EWG in the actually valid version.

For any further technical questions call our hotline +31 (0) 561 69 44 00 from Monday to Thursday from 9 h a.m. to 3 h p.m. or on Friday until 12 h p.m.

**As of August 17, 2022** – This release replaces all eventually earlier issued versions.
